

Tradie Tough USB Car Charger User Manual and Warranty

gecko™

WARRANTY INFORMATION - FOR AUSTRALIAN CONSUMERS ONLY

Powermove Distribution provides its accessory range of products with a 1 Year back to base warranty: "Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure".

The warranty offered is in addition to other rights and remedies offered under consumer law.

The conditions contained in this warranty apply to purchases made within Australia only.

Purchases made outside of Australia are covered by the warranty procedures and policies that comply with each respective place of purchase.

Conditions of warranty:

- The consumer must retain proof of purchase for the warranty period.
- The warranty period is valid for 1-year from the original purchase date.
- The warranty applies only to defects in material or workmanship that occur during normal use of the product.
- The warranty is a 'back-to-base' warranty meaning the consumer is responsible for the costs associated with returning the product to their place of purchase or to Powermove Distribution.
- The consumer must return the goods, original packaging (where feasible) and proof of purchase to make a warranty claim.
- If a replacement product is supplied the warranty period applies to the balance of the warranty period from the original purchase date.

The warranty does not cover:

- Failure that has occurred as a result of accident, abuse or mis-treatment.
- Goods that are damaged as a result of other third party products.
- Any misrepresentations given that are not covered by the warranty.

Warranty claim procedure:

- The consumer must return the goods as per the requirements stated in 'conditions of warranty' section d & e.
- If the consumer is unable to return the goods to the place of purchase they can send the goods with the required packaging and documentation, along with their contact details including address, phone number and e-mail to:

Thank you for purchasing another quality Gecko product.
Introducing Tradie Tough USB car charger, pack includes a high powered car charger, featuring auto-sense smart charge.

Frequently Asked Questions

How do I use the USB car charger to charge my device?

Simply ensure your charger is correctly connected to power and insert the USB end of your charging cable into the USB port of the charger. Then plug your device into the other end of your cable for recharging.

How do I know when my device is charged?

There are variations between different smartphone and tablet models, please check your device's user manual to confirm. In most cases the charge level will be shown as a battery symbol or percentage at the top of your device screen.

What is auto-sense smart charge?

Auto-sense smart charge detects the device and adjusts the USB power to provide the fastest possible charge.

Please enjoy.

Yours sincerely

Gecko Team

WARNING!

- Please use caution and care when handling any device with electrical power.
- Please refer to your country's governing electrical body for the latest information on handling products with electrical power.

Basic precautions for using your Gecko Tradie Tough Car Charger

- Always leave space around the car charger.
- Never force a connector into a port. If the connector and port do not join with reasonable ease, they may not match each other.
- Make sure that the connector matches the port and that you have positioned the connector correctly in relation to the port before plugging them together.
- To reduce the chance of shock or injury, do not use your car charger in or near water or wet locations.
- When connecting or disconnecting your car charger, always hold the unit by its sides. Keep fingers away from the metal parts of the plug.
- Before connecting anything to the charger, make sure there are no foreign objects inside the car charger connector or device port.
- The car charger is a high-voltage component and should not be dismantled for any reason. If the car charger needs service, please refer to your place of purchase.
- If you notice the car charger appears to be in any way damaged, cracked or broken please do not use the car charger and refer to your place of purchase.
