

Gecko Deluxe Keyboard Folio for iPad 5/6, Air 1+2 & Pro 9.7" User Manual and Warranty

gecko™

WARRANTY INFORMATION - FOR AUSTRALIAN CONSUMERS ONLY

Powermove Distribution provides its accessory range of products with a 1 Year back to base warranty: "Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure".

The warranty offered is in addition to other rights and remedies offered under consumer law.

The conditions contained in this warranty apply to purchases made within Australia only.

Purchases made outside of Australia are covered by the warranty procedures and policies that comply with each respective place of purchase.

Conditions of warranty:

- The consumer must retain proof of purchase for the warranty period.
- The warranty period is valid for 1-year from the original purchase date.
- The warranty applies only to defects in material or workmanship that occur during normal use of the product.
- The warranty is a 'back-to-base' warranty meaning the consumer is responsible for the costs associated with returning the product to their place of purchase or to Powermove Distribution.
- The consumer must return the goods, original packaging (where feasible) and proof of purchase to make a warranty claim.
- If a replacement product is supplied the warranty period applies to the balance of the warranty period from the original purchase date.

The warranty does not cover:

- Failure that has occurred as a result of accident, abuse or mis-treatment.
- Goods that are damaged as a result of other third party products.
- Any misrepresentations given that are not covered by the warranty.

Warranty claim procedure:

- The consumer must return the goods as per the requirements stated in 'conditions of warranty' section d & e.
- If the consumer is unable to return the goods to the place of purchase they can send the goods with the required packaging and documentation, along with their contact details including address, phone number and e-mail to:

Thank you for purchasing another quality Gecko product.
Introducing Gecko Deluxe Keyboard Folio for iPad Air 1/2 & Pro 9.7"

Troubleshooting

(A) Unable to connect

- Make sure the power switch is on.
- Make sure the keyboard is within the operating distance.
- Make sure the battery is charged.
- Make sure the iPad bluetooth setting is on.
- Make sure the wireless keyboard is paired to the iPad.

(B) Unable to charge the keyboard

- Make sure the USB power cable is connected properly to the keyboard and the power source.
- Make sure the wall charger is plugged into the power source.

Please enjoy.

Yours sincerely

Gecko Team

Setup instructions

1. Turn on the power switch found on the side of the keyboard. The power LED will light for 5 seconds then go off.
2. Press the connect button on the wireless keyboard. The Bluetooth® LED will blink and the power LED will light. The keyboard is now ready to be connected to your iPad Air 1/2 or Pro 9.7”.
3. Turn on and unlock the iPad. From the home screen, open settings, select Bluetooth and toggle the Bluetooth switch to ON.
4. Select “Bluetooth Keyboard” from the list of devices and select Next.
5. Enter the code displayed on your screen using the Bluetooth keyboard then hit Enter.
6. They keyboard is now connected, the Power LED will stay on until the keyboard is switched off.

Charging instructions

When the power is low the blue charge light will flash, indicating the keyboard should be recharged. Connect the included cable into a USB power source and then connect to the side of the keyboard to start charging, the red charge light will now go solid. Once the keyboard is fully charged the red charging light will turn off.

Note: in order to prolong battery life it is recommended that the keyboard be turned off when not in use.

Energy saving mode

The keyboard will go to sleep mode when it is inactive for 15 minutes. The power on LED will go off. To wake from sleep mode, press any key and wait 3 seconds to begin using the keyboard again.

Cleaning

Clean the silicone keyboard cover with a water dampened cloth and dry thoroughly before use.

Safety instructions

Do not attempt to open or repair this device, do not use this device in a wet or damp environment.

1. Keep the item away from sharp objects.
2. Do not place heavy objects on top of the keyboard.
3. Do not microwave or place near fire.
4. Do not force or distort the keyboard.
5. Keep away from oil, chemicals or any organic liquid.

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate this equipment.

IMPORTANT NOTE - FCC Radiation Exposure Statement:

1. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance.
2. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
