

## Gecko Clear Screen Guard - iPad Pro 12.9" Fitting Instructions

gecko™

### WARRANTY INFORMATION - FOR AUSTRALIAN CONSUMERS ONLY

Powermove Distribution provides its accessory range of products with a 1 Year back to base warranty: "Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure".

The warranty offered is in addition to other rights and remedies offered under consumer law.

The conditions contained in this warranty apply to purchases made within Australia only.

**Purchases made outside of Australia are covered by the warranty procedures and policies that comply with each respective place of purchase.**

### Conditions of warranty:

- The consumer must retain proof of purchase for the warranty period.
- The warranty period is valid for 1-year from the original purchase date.
- The warranty applies only to defects in material or workmanship that occur during normal use of the product.
- The warranty is a 'back-to-base' warranty meaning the consumer is responsible for the costs associated with returning the product to their place of purchase or to Powermove Distribution.
- The consumer must return the goods, original packaging (where feasible) and proof of purchase to make a warranty claim.
- If a replacement product is supplied the warranty period applies to the balance of the warranty period from the original purchase date.

The warranty does not cover:

- Failure that has occurred as a result of accident, abuse or mis-treatment.
- Goods that are damaged as a result of other third party products.
- Any misrepresentations given that are not covered by the warranty.

### Warranty claim procedure:

- The consumer must return the goods as per the requirements stated in 'conditions of warranty' section d & e.
- If the consumer is unable to return the goods to the place of purchase they can send the goods with the required packaging and documentation, along with their contact details including address, phone number and e-mail to:

With its exact die-cut measurements, it has been designed to ensure a perfect fit for your iPad Pro 12.9" screen. All Gecko products reflect the attention to detail and hard work of our world class development and design team. We are committed to the pursuit of excellence in making sure we deliver the highest quality products to enhance your digital lifestyle.

**Please enjoy.**  
Yours sincerely  
**Gecko Team**

---

### Included in this pack:

- 2 x Gecko guards
- 1 x Microfibre cloth
- 1 x Gecko clearscreen
- 1 x Applicator card

Gecko clearscreen sachet: The Gecko clearscreen sachet is non-toxic, anti-static, alcohol free, non-streaking, non-solvent, and non-flammable.

Safety precautions: Wash hands after use. If the Gecko clearscreen comes in contact with your eyes, flush eyes with large amounts of water for at least 15 minutes.

Note: Gecko clearscreen sachet does not remove scratches, but may help diminish their appearance.

step

1

Tear open supplied Gecko clearscreen sachet. Gently massage your clearscreen wipe over the screen surface, ensuring not to go into holes or openings. Once cleaned, polish the screen using the Gecko microfibre cloth, until your screen is crystal clear. **Note: For best results screen should be free of dust or hair before the guard installation.**

step

2

Once you are certain the screen is clear of any dust or hairs, peel back the protective clear layer from the iPad guard using green tab "A", exposing the adhesive side of the guard. Avoid touching the adhesive side and discard the protective clear layer with the green tab "A" on it. Carefully position the guard at the bottom of the iPad, ensuring it is aligned on the bottom of the screen centred around the home button.

step

3

Once your iPad guard is aligned correctly, apply the guard. Once the guard is past the home button, then curl the guard back onto itself as you lower it onto the iPad screen. Work your way to the top of the screen. If any minor air bubbles occur, smooth them carefully using the microfibre cloth provided. If any stubborn bubbles remain, use the applicator card provided to smooth them out to the edges of the guard.

step

4

Once you are happy with the alignment of the guard, remove the clear protective layer labelled tab "B" to expose your premium scratch resistant iPad guard surface.
