

How to play!

Pick a player to be the judge.

Each player draws 8 yellow cards for their hand.
The judge draws a blue card and reads it out loud.

If the blue card looks like this...

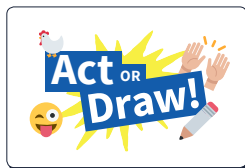

All other players give the judge their best yellow card, face down, that completes the prompt on the blue card.

The judge re-reads the blue card with each yellow card out loud (including the definition). The judge picks the funniest yellow card. Whoever submitted it wins the blue card.

Players each draw a yellow card to replace the one they played.

Or if the blue card looks like this...

Draw 8 yellow cards and place them face up.

The judge picks a yellow card in their head – but doesn't tell anyone. The judge acts or draws it out without speaking.

The first player to guess and grab the correct card wins the blue card.

Discard the 8 yellow cards from this round.

The role of the judge rotates to the left and a new round begins.

The first player to win 5 blue cards wins the game!
