

ALL ABOUT...

Puzzle™

- A Story to Assemble -

The puzzle that tells a story... the story that makes a puzzle! We call this activity **All About Puzzles™**. Unlike ordinary jigsaw puzzles, this one will not only tell you all about the zany cast of characters from the hit animated television series *The Simpsons*, but it will also show you how to put it together. (Example pictured left.)

All About...The Simpsons™ is divided into scenes, each scene is an illustrated part of the hilarious story. Upon completion of your first scene, you will notice the formation of a yellow speech bubble ("The extra ingredient is worry," as seen in the example). The speech bubble is the clue you will need to begin the next scene. Locate the pieces that correspond to that clue (a picture of Marge), connect them, and proceed to assemble the rest of that scene.

As you assemble the rest of the puzzle in this manner, you'll notice that the pictures you're looking for relate to the piece of the story you're about to discover.

To discourage "cheating," each scene is separated from the others by a nearly identical border. It would be difficult to assemble the puzzle solely using the artwork, plus it wouldn't be as much fun. We've even scrambled the order of the scenes on the back of the box!

If you're the impatient sort, you're probably asking, "How do I get started?" The "**Start**" scene is differentiated by its deep orange background. So, look for those special pieces, use the clue to assemble the first scene, and get ready to learn **All About...The Simpsons™**!
