LEAGUE PLAY:

1. On a turn, each team chooses who will toss the ball and who will wear the beard & glasses to catch the ball.

If playing as individuals, choose a partner for your turn and determine roles. BOTH players will score points if successful.

2. Draw 3 stunt cards from the deck and place them on the game board face up - 1 card per beard icon.
3. Roll the Bearded die to determine what type of beard must be worn for the turn.
4. Attach that beard to the glasses by folding the sideburns over the arms of the glasses and velcroing it closed.

5. Play the stunt card associated with the beard icon on the game board for the turn.

6. Follow the instructions on the stunt card to score the points shown on the card. Each card specifies how many tries (number of attempts) a team gets to complete the stunt.

If players complete the stunt and land the ball on the beard they score the points and the turn is over.

If players cannot complete the stunt in the given number of tries, then the turn is over and no points are awarded.

7. The first to 11 or more points wins!

REMEMBER:

- 1 pace = a normal stride.
- Bearded players remain in place, but may move their body to catch the ball - unless specified otherwise
- A try is the number of times the challenge may be attempted.
